

PROGRAM OF LEADERSHIP

**CHAPTER STRATEGY** 

# **DECA Program of Leadership**

Developed by the chapter officer team, the Program of Leadership is a strategic plan that sets the direction and goals for the chapter and includes detailed work plans to achieve those goals.

The DECA Program of Leadership brings together the leadership team, DECA goals and action items for the year into one strategic leadership plan. The program of leadership provides a comprehensive plan of the chapter's goals and activities for the school year. Each goal is aligned with a mission area, assigns overall responsibility to a leader and indicates the key project initiatives, success criteria, time frame and project leaders.

Developing a Program of Leadership is much like an organization's approach to its strategic planning process that results in a formal strategic plan. The Program of Leadership will result in defining your chapter strategy for your officer team and should include a formal plan with goals, action plans and resource allocations to keep the chapter on track.

In some cases, you may also develop project management plans depending on the size and scope of your goals and activities. The Program of Leadership should guide your priorities and activities for the year while yielding the largest greatest possible for your chapter.

Goals are great. Results are better.

## PERFORMANCE INDICATORS

This module's activities connect to the following National Curriculum Standards:

- Determine the nature of organizational goals
- Ascertain employee's role in meeting organizational goals
- · Organize and prioritize work
- Coordinate work with that of team members
- Monitor and ensure completion of delegated tasks
- Streamline work processes
- · Evaluate project success

#### **TIPS TO GET STARTED**

As you begin to think about creating your Program of Leadership, here are some careful considerations for developing one that is powerful and impactful.

#### Be Realistic, Attainable and Inclusive

Every great idea needs to be assessed to ensure it's feasible. Your goals should be realistic and attainable. Does it require additional resources (funding, people, etc.)? Is there enough time to complete the activities and goals? It's better to be results-driven than to create grand ideas that won't materialize. When developing your goals and activities, you should consider accessibility for all DECA members in your chapter, flexibility that will allow students to participate and be successful and adaptability for multiple levels of participation and experiences.

#### Be Data-Driven

You should determine your end goals (both quantitative and qualitative) as well as benchmarks throughout the year. Designate the checkpoints early so that you know when to check in on your progress toward your goals.

#### **Be Proactive**

Get as much of a head start on completing the actual action items as possible. Consider which activities are going to need a full project management plan in order to be successful.

#### **BRAINSTORMING**

Brainstorming can be a highly effective way to encourage creative thinking for developing a chapter Program of Leadership. Below are a few ideas to use to get started.

- Mind Mapping: Use mind mapping techniques to represent ideas and concepts visually. Select a topic (leadership, recruitment, fundraising, etc.), and then create branches with related ideas, further expanding on each branch.
- Brainwriting: Instead of speaking aloud, write your ideas on sticky notes or a shared digital platform.
   Then, build upon each other's ideas.
- Gallery Walk: Post different topics around the room.
  Members will then walk around and add their ideas and activities related to the topic.
- Reverse Brainstorming: Instead of generating ideas for a desired outcome, brainstorm ideas to achieve the opposite result. Identify potential obstacles and find solutions to overcome them.
- **Time-Limited Brainstorming:** Set a specific time limit for brainstorming sessions to encourage quick thinking and prevent overthinking.

Remember to create a positive and supportive environment where all ideas are encouraged and respected. These brainstorming techniques can stimulate creativity and foster active engagement in creating a chapter program of leadership.

# DECA CHAPTER PROGRAM OF LEADERSHIP PRE-PLANNING WORKSHEET

| ELEMENT                       | DEFINITION  |
|-------------------------------|---|
| DECA<br>GOAL AREA             | List one DECA goal based on your chapter's mission. Consider the following areas: leadership, career development, marketing, finance and hospitality. |
| GOAL VISION<br>STATEMENT      | What does success "look like" for each goal area?   |
| EXECUTIVE<br>TEAM LEAD(S)     | Who is the team member in charge of this goal?  |
| KEY PROJECT<br>INITIATIVES    | What activities and initiative will you do to achieve your goal?  |
| SUCCESS<br>CRITERIA           | How will you measure the success of this initiative?  |
| TIME<br>FRAME                 | When will this action take place? Consider the start time and deadline.   |
| PROJECT<br>LEADER(S)          | Who is the project leader(s) on this goal?  |
| PROJECT<br>MANAGEMENT<br>PLAN | Your final plan which brings all the pieces together.   |

## **DECA CHAPTER PROGRAM OF LEADERSHIP EXAMPLE**

### **GOAL VISION STATEMENT**

For this school year, our chapter aims to increase membership by adding 20 more student members and obtaining 20 professional members. We will achieve this by completing the membership and chapter campaigns, leveraging social media platforms and attending community events to attract new professional members. Progress will be tracked in the membership system, and adjustments to the strategies will be made if necessary to stay on track to meet the goal.

| EXECUTIVE<br>TEAM LEAD(S)  | Vice President of Marketing   |   |                               |  |  |
|--|---|---|-------------------------------|--|--|
